## INTRODUCTION

Final results of the 1956 Census of Canada are presented in this report to show population totals as of June 1, 1956, classified by sex, for counties and census divisions, as well as for such subdivisions as incorporated cities, towns, and villages, organized municipalities, parishes, and townships. These final totals of the 1956 Census are published in four regional reports as follows:

Report No. 1-2: Newfoundland, Prince Edward Island, Nova Scotia and New Brunswick;  
 " " 1-3: Quebec;  
 " " 1-4: Ontario;  
 " " 1-5: Manitoba, Saskatchewan, Alberta, British Columbia, Yukon and Northwest Territories.

County totals are shown in these reports for all provinces except Newfoundland, Manitoba, Saskatchewan, Alberta and British Columbia, where there are no counties similar in function to those of the other five provinces. In the four western provinces, census divisions were established for the publication of census statistics at the time of the 1921-31 Censuses, and in Newfoundland, prior to the 1951 Census. In the case of Alberta, the census division boundaries were completely revised before the 1956 Census, while in the other four provinces they remain substantially the same.

In all provinces except Newfoundland, Nova Scotia and British Columbia, the subdivisions of the counties or census divisions (apart from incorporated cities, towns and villages) consist of townships, municipalities, parishes, municipal districts, etc., depending on the form of municipal organization in the particular province. Because of the extensive unorganized areas in Newfoundland and British Columbia, and the relatively large size of the county and district municipalities in Nova Scotia, population totals in these provinces are shown for census subdivisions as well as for the municipally organized localities in each county or census division.

## INTRODUCTION

Le présent rapport donne les résultats définitifs du recensement du Canada en 1956 de façon à indiquer le chiffre de la population, le 1<sup>er</sup> juin, 1956, classée selon le sexe, par comté et division de recensement, de même que des subdivisions telles que les cités, les villes et les villages constitués, les municipalités, les paroisses et les townships ou cantons. Ces chiffres définitifs du recensement de 1956 paraissent dans quatre bulletins régionaux, à savoir:

Bulletin n° 1-2: Terre-Neuve, Île-du-Prince-Édouard, Nouvelle-Écosse et Nouveau-Brunswick;  
 " " 1-3: Québec;  
 " " 1-4: Ontario;  
 " " 1-5: Manitoba, Saskatchewan, Alberta, Colombie-Britannique, Yukon et Territoires du Nord-Ouest.

Les rapports présentent les chiffres des comtés pour toutes les provinces, sauf Terre-Neuve, Manitoba, Saskatchewan, Alberta et Colombie-Britannique, où il n'y a pas de comté qui remplisse la même fonction que ceux des cinq autres provinces. Pour les besoins de la publication de la statistique du recensement, des divisions de recensement ont été créées dans les quatre provinces de l'Ouest, lors des recensements de 1921 et 1931, et, à Terre-Neuve, avant le recensement de 1951. En ce qui concerne l'Alberta, les limites des divisions de recensement ont été complètement remaniées avant le recensement de 1956, tandis que dans les quatre autres provinces, elles sont demeurées pratiquement les mêmes.

Dans toutes les provinces, sauf Terre-Neuve, Nouvelle-Écosse et Colombie-Britannique, les subdivisions des comtés ou divisions de recensement (à part les cités, villes et villages constitués) comprennent les townships ou cantons, les municipalités, les paroisses, les districts municipaux, etc., selon la forme d'organisation municipale en vigueur dans chaque province. En raison des vastes étendues non organisées de Terre-Neuve et de la Colombie-Britannique et des proportions relativement grandes des municipalités de comté et de district en Nouvelle-Écosse, les chiffres de la population de ces provinces paraissent tant aux subdivisions de recensement qu'aux localités organisées sur une base municipale dans chaque comté ou division de recensement.

Additional tables provide data on certain aspects of farm expenditures and farm labour.

## REPORTS OF THE 1956 CENSUS OF CANADA

Results of the 1956 Census on Population and Agriculture are being issued as a series of reports, rather than as bound volumes. The reports are prepared so that by removal of the covers the tables can, if desired, be placed in loose-leaf binders or bound in volume form. In the latter case, Reports No. 1-1 to 1-21 would form the first volume, and Reports No. 2-1 to 2-11, the second. Introductory signatures and appendices will be issued on request to subscribers of the full series of population reports to complete the materials of this volume.

## RAPPORTS DU RECENSEMENT DU CANADA, 1956

Les résultats du recensement de la population et de l'agriculture de 1956 sont publiés dans une série de rapports plutôt qu'en volumes reliés. Les rapports sont préparés de façon que, si on le désire, on puisse, en enlevant la couverture, placer les tableaux dans des relieurs à feuilles mobiles ou les relier en volumes. Dans ce dernier cas, les rapports 1-1 à 1-21 formeraient le premier volume et les rapports 2-1 à 2-11, le second. Une introduction et des appendices seront envoyés sur demande aux personnes qui s'abonneront à la série complète des rapports sur la population, ce qui complétera la matière de ce volume.
